DIRECTOR'S REVIEW

For the Half Year Ended December 31, 2025

Dear Shareholders,

The Directors of Hi-Tech Lubricants Limited are pleased to present the condensed interim financial information of the Company for the half year ended December 31, 2025, comprising the reviewed standalone financial statements and unaudited consolidated financial statements, duly prepared in accordance with the applicable financial reporting framework.

Financial Performance

During the half year under review, the Company demonstrated resilient performance despite prevailing economic challenges.

On a consolidated basis, the Company achieved:

- **Gross Sales:** PKR 19.35 billion (8.99% growth compared to the corresponding period last year)
- **Gross Profit:** PKR 1,693 million
- **Profit After Tax:** PKR 163 million

This performance represents a significant turnaround compared to the loss after tax of PKR 40 million reported in the corresponding period last year, reflecting an improvement of 509.6%.

Segment wise revenue growth is presented below. This represents overall improvement of Company's operations in all segments.

- **Lubricants:** 8.99%
- **Fuel:** 5.59%
- **Polymers:** 41.44%

Segment-wise Performance

Lubricants Segment

Profitability in the lubricants segment improved during the period primarily due to the successful localization of blending of base oils and raw materials, following approval from SK Enmove Co., Ltd., South Korea.

Local blending has enabled:

- Reduction in imported raw material costs
- Lower lead times
- Improved inventory management
- Enhanced cost competitiveness

The Company has started witnessing volumetric growth following the commencement of local blending operations. Management expects that a majority of lubricant products will gradually be blended at the Company's facility, which is anticipated to significantly strengthen margins and long-term growth prospects.

Demand for high-performance synthetic lubricants continues to rise, driven by modern engine requirements, increasing consumer awareness, and improved fuel efficiency standards. The rebound in vehicle sales, growth in hybrid vehicles, and increasing motorcycle sales are expected to further support segment growth.

Fuel Segment

The Fuel segment recorded net sales of approximately PKR 12 billion, reflecting 5.59% growth compared to the same period last year.

This growth was achieved through:

- Effective supply chain management
- Strategic inventory planning
- Continuous monitoring to ensure uninterrupted product availability across retail outlets

As of December 31, 2025, the Company operates a total of 59 fuel stations, comprising:

- 35 in Punjab
- 22 in Khyber Pakhtunkhwa
- 2 in Azad Jammu & Kashmir

The Company plans to add an additional 6–10 fuel stations by June 30, 2026, which is expected to contribute further volumetric and revenue growth. This will help increase in revenue and profit margins.

Polymer Segment

The Polymer segment depicted a healthy growth delivered exceptional growth of 41.44% during the period under review. The segment continues to benefit from expanding demand in Pakistan's e-commerce, FMCG, and pharmaceutical sectors, particularly for quality and hygienic packaging solutions.

The structural shift from loose products to branded and hygienic packaging in food and healthcare sectors presents strong medium- to long-term growth potential. Management expects this new business segment will achieve sustained growth in future and help in more improved profitability in this business segment.

Economic Environment and Future Outlook

The operating environment remains challenging due to macroeconomic uncertainties, including:

- Global tariff tensions led by the United States
- Political uncertainty
- Slowdown in large-scale manufacturing
- Modest GDP growth
- Exchange rate pressures on the Pakistani Rupee

Despite these challenges, management remains focused on operational efficiency, cost optimization, prudent capital allocation, and disciplined expansion strategies.

The outlook for the lubricants segment remains positive due to improving cost competitiveness and increasing demand for synthetic products. The Fuel segment is expected to maintain stable to moderate growth, supported by government efforts to curb fuel smuggling and gradual recovery in the automobile sector.

Corporate Governance and Compliance

The Company remains committed to maintaining the highest standards of corporate governance, transparency, and accountability in line with applicable laws and regulatory requirements. The Directors affirm that the interim financial statements present a true and fair view of the state of affairs of the Company for the period under review.

Acknowledgment

The Directors place on record their sincere appreciation for the continued trust and confidence of our valued shareholders. We also acknowledge and commend the dedication, professionalism, and commitment of the entire HTL team, whose efforts have been instrumental in the Company's improved performance during the period.

We remain confident in the Company's strategic direction and its ability to create sustainable long-term value for all stakeholders.

ڈائریکٹرز کی جائزہ رپورٹ

31 دسمبر 2025 کو ختم ہونے والے ششماہی کے لیے

محترم شیئر ہولڈرز،

ہائی ٹیک لبریکینٹس لمیٹڈ کے ڈائریکٹرز 31 دسمبر 2025 کو ختم ہونے والے ششماہی کے لیے کمپنی کی مختصر عیوری مالیاتی معلومات پیش کرتے ہوئے خوش ہیں، جس میں نظر ثانی شدہ مالیاتی بیانات اور غیر آڈیٹ شدہ مالی بیانات شامل ہیں، جو کہ قابل اطلاق مالیاتی رپورٹنگ فریم ورک کے مطابق تیار کیے گئے ہیں۔

مالی کارکردگی

زیر جائزہ نصف سال کے دوران، کمپنی نے موجودہ اقتصادی چیلنجوں کے باوجود پگھلا رہا کارکردگی کا مظاہرہ کیا۔

ایک مستحکم بنیاد پر، کمپنی نے حاصل کیا:

• مجموعی فروخت: 19.35 بلین روپے (گزشتہ سال کی اسی مدت کے مقابلے میں 8.99 فیصد اضافہ)

• مجموعی منافع: 1,693 ملین روپے

• ٹیکس کے بعد منافع: 163 ملین روپے

یہ کارکردگی پچھلے سال کی اسی مدت میں رپورٹ ہونے والے 40 بلین روپے کے ٹیکس کے بعد کے نقصان کے مقابلے میں ایک اہم تبدیلی کی نمائندگی کرتی ہے، جو 509.6 فیصد کی بہتری کو ظاہر کرتی ہے۔ سیکٹور اور آمدنی میں اضافہ ذیل میں پیش کیا گیا ہے۔ یہ تمام طبقات میں کمپنی کے آپریشنز کی مجموعی بہتری کی نمائندگی کرتا ہے۔

لبریکینٹس: 8.99%

ایڈھن: 5.59%

پولیسر: 41.44%

طبقہ وار کارکردگی

لبریکینٹس

SK Enmove Co., Ltd.، جنوبی کوریا کی جانب سے منظوری کے بعد، بنیادی طور پر پینس آئل اور خام مال کی بلیڈنگ کے کامیاب لوکلائزیشن کی وجہ سے اس مدت کے دوران لبریکینٹس کے حصے میں منافع میں بہتری آئی۔

مقامی بلیڈنگ کے فعال ہونے سے

درآمد شدہ خام مال کے اخراجات میں کمی ہوئی

کم لیڈ ٹائم

انویٹری کا بہتر انتظام

قیمت کی مسابقت میں اضافہ

مقامی بلیڈنگ آپریشنز کے آغاز کے بعد کمپنی نے حجم میں اضافہ دیکھا ہے۔ انتظامیہ کو توقع ہے کہ چکنا چکنا کرنے والی مصنوعات کی اکثریت کمپنی کی سہولت میں بندرتج ملادی جائے گی، جس سے مارجن اور طویل مدتی ترقی کے امکانات کو نمایاں طور پر مضبوط کرنے کی توقع ہے۔

اعلیٰ کارکردگی والے مصنوعی چکنا چکنا کرنے والے مادوں کی مانگ میں مسلسل اضافہ ہو رہا ہے، جدید انجن کی ضروریات، صارفین کی بیداری میں اضافہ، اور ایڈھن کی کارکردگی میں بہتری کے معیارات۔ گاڑیوں کی فروخت میں بہتری، ہابزڈ گاڑیوں میں اضافہ، اور موٹر سائیکل کی بڑھتی ہوئی فروخت سے طبقہ کی ترقی میں مزید مدد کی توقع ہے۔

ایڈھن کا حصہ

ایڈھن کے حصے نے تقریباً 12 ارب روپے کی خالص فروخت ریکارڈ کی، جو گزشتہ سال کی اسی مدت کے مقابلے میں 5.59 فیصد کم ہوا ہے۔

یہ ترقی اس کے ذریعے حاصل کی گئی تھی:

• موثر سپلائی چین مینجمنٹ

• اسٹریٹجک انویٹری کی منصوبہ بندی

• خوردہ دکانوں پر مصنوعات کی بلا تعطل دستیابی کو یقینی بنانے کے لیے مسلسل نگرانی

31 دسمبر 2025 تک، کمپنی کل 59 فیول اسٹیشن چلاتی ہے، جن میں شامل ہیں:

پنجاب میں 35

خیبر پختونخوا میں 22

آزاد جموں و کشمیر میں 2

کمپنی 30 جون 2026 تک اضافی 6-10 فیول شیٹوں کو شامل کرنے کا ارادہ رکھتی ہے، جس سے توقع ہے کہ حجم اور آمدنی میں مزید اضافہ ہوگا۔ اس سے آمدنی اور منافع کے مارجن میں اضافے میں مدد ملے گی۔

پولیسر سیکٹ

پولیسر طبقہ نے زبردست مدد کے دوران 41.44 فیصد کی غیر معمولی نمو کے ساتھ صحت مند ترقی کی عکاسی کی۔ یہ طبقہ پاکستان کے ای کامرس، ایف ایم سی جی، اور فارماسیوٹیکل سیکٹرز میں خاص طور پر کوالٹی اور حفظان صحت سے متعلق پیکیجنگ سلوشنز میں بڑھتی ہوئی طلب سے فائدہ اٹھا رہا ہے۔

خوراک اور صحت کی دیکھ بھال کے شعبوں میں ڈھیلے پراڈکٹس سے براہ کھڈ اور حفظان صحت کی پیکیجنگ کی طرف ساختی تبدیلی درمیانی سے طویل مدتی ترقی کی مضبوط صلاحیت پیش کرتی ہے۔ انتظامیہ کو توقع ہے کہ یہ نیا کاروباری طبقہ مستقبل میں پائیدار ترقی حاصل کرے گا اور اس کاروباری طبقہ میں مزید بہتر منافع میں مدد کرے گا۔

اقتصادی ماحول اور مستقبل کا منظر نامہ

میکرو اکنامک غیر یقینی صورتحال کی وجہ سے آپریٹنگ ماحول بدستور چیلنجنگ ہے، بشمول:

امریکہ کی قیادت میں عالمی ٹریف تناؤ

سیاسی غیر یقینی صورتحال

بڑے پیمانے پر مینوفیکچرنگ میں سست روی

جی ڈی پی کی معمولی نمو

پاکستانی روپے پر شرح مبادلہ کا دباؤ

ان چیلنجوں کے باوجود، انتظامیہ کی توجہ آپریشنل کارکردگی، لاگت کی اصلاح، سمجھدار سرمایہ مختص، اور نظم و ضبط کی توسیع کی حکمت عملیوں پر مرکوز ہے۔

لاگت کی مسابقت میں بہتری اور مصنوعی مصنوعات کی بڑھتی ہوئی مانگ کی وجہ سے لبریکیشن طبقے کے لیے آؤٹ لک مثبت رہتا ہے۔ ایندھن کے شعبے سے توقع ہے کہ وہ مستحکم سے اعتماد پسند ترقی کو برقرار رکھے گا، جسے ایندھن کی اسمگلنگ کو روکنے اور آٹوموبائل کے شعبے میں بتدریج بحالی کی حکومتی کوششوں سے تعاون حاصل ہے۔

کارپوریٹ گورننس اور تعمیل

کمپنی قابل اطلاق قوانین اور ریگولیشنز کے تقاضوں کے مطابق کارپوریٹ گورننس، شفافیت اور جوابدہی کے اعلیٰ ترین معیارات کو برقرار رکھنے کے لیے پرعزم ہے۔ ڈائریکٹرز اس بات کی توثیق کرتے ہیں کہ عبوری مالیاتی بیانات زبردست مدد کے لیے کمپنی کے حالات کا صحیح اور منصفانہ نقطہ نظر پیش کرتے ہیں۔

اعتراف

ڈائریکٹرز ہمارے قابل قدر شیئر ہولڈرز کے مسلسل اعتماد اور اعتماد کے لیے اپنی مخلصانہ تعریف کرتے ہیں۔ ہم پوری HTL ٹیم کی لگن، پیشہ ورانہ مہارت اور عزم کو بھی تسلیم کرتے ہیں اور اس کی تعریف کرتے ہیں، جن کی کوششیں اس مدت کے دوران کمپنی کی بہتر کارکردگی میں اہم کردار ادا کرتی رہی ہیں۔

ہم کمپنی کی حکمت عملی کی سمت اور تمام اسٹیک ہولڈرز کے لیے پائیدار طویل مدتی قدر پیدا کرنے کی اس کی صلاحیت پر اعتماد ہیں۔

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Hi-Tech Lubricants Limited

Report on review of Unconsolidated Condensed Interim Financial Statements

Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of HI-TECH LUBRICANTS LIMITED as at 31 December 2025 and the related unconsolidated condensed interim statement of profit or loss, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of changes in equity, and unconsolidated condensed interim statement of cash flows, and notes to the unconsolidated condensed interim financial statements for the half year then ended (here-in-after referred to as the "unconsolidated condensed interim financial statements"). Management is responsible for the preparation and presentation of these unconsolidated condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these unconsolidated condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of unconsolidated condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unconsolidated condensed interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matter

Pursuant to the requirement of Section 237 (1) (b) of the Companies Act, 2017, only cumulative figures for the half year, presented in second quarter accounts are subject to a limited scope review by the statutory auditors of the company. Accordingly, the figures of the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income for the three months period ended 31 December 2025 have not been reviewed by us.

The engagement partner on the review resulting in this independent auditor's review report is Mubashar Mehmood.

Where the provisions of, directives and notifications issued under the Companies Act, 2017 differ with the requirements of IAS 34, the provisions of, directives and notifications issued under the Companies Act, 2017 have been followed.

2.2 These unconsolidated condensed interim financial statements do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Company for the year ended 30 June 2025. 5. CONTINGENCIES AND COMMITMENTS

5.1 Contingencies

There is no significant change in the status of contingencies as disclosed in the preceding audited annual published financial statements of the Company for the year ended 30 June 2025 except for the following:

- 5.1.1** Deputy Commissioner Inland Revenue (DCIR) passed an assessment order on 28 November 2018 under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2015 whereby a demand of Rupees 22.358 million has been raised. On 21 December 2018, the Company filed an appeal before the CIR(A) against the order of DCIR. CIR(A) accepted the Company's stance on certain issues assailed in the appeal and reduced the aggregate demand to Rupees 10.735 million. Being aggrieved by the order of CIR(A), the Company and tax department filed appeals before ATIR. On 25 August 2025, ATIR dismissed the department's appeal and upheld the relief provided by CIR(A). However, ATIR also dismissed the Company's appeal on 25 August 2025, based on the grounds that judgement of Honourable Sindh High Court as well as various earlier judgements of ATIR on similar issue exists. However, the management has filed income tax reference before Honourable Lahore High Court, Lahore against the order passed by ATIR. No provision against the case has been made in these unconsolidated condensed interim financial statements, as the management, based on the advice of the legal counsel, is confident of favorable outcome of the matter.

14. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

(i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in these unconsolidated condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements at 31 December 2025	Level 1	Level 2	Level 3	Total
----- Rupees -----				
Financial assets				
Financial assets at fair value through profit or loss	230,691,478	-	-	230,691,478
<hr/>				
Recurring fair value measurements at 30 June 2025	Level 1	Level 2	Level 3	Total
----- Rupees -----				
Financial assets				
Financial assets at fair value through profit or loss	240,351,519	-	-	240,351,519
<hr/>				

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the period ended 31 December 2025. Further there was no transfer in and out of level 3 measurements.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(ii) Valuation techniques used to determine fair values

Specific valuation technique used to value financial instruments is the use of quoted market prices on Pakistan Stock Exchange and for funds, Net Assets Value (NAV) of respective Asset Management Company.

15. FAIR VALUE MEASUREMENTS - NON-FINANCIAL INSTRUMENTS

(i) Fair value hierarchy

Judgments and estimates are made in determining the fair value of non-financial assets that are recognized and measured at fair value in these unconsolidated condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels.

At 31 December 2025	Level 1	Level 2	Level 3	Total
	----- Rupees -----			
Freehold land	-	1,098,580,000	-	1,098,580,000.00
Non-current asset classified as held for sale - Transferred from investment	-	160,000,000	-	160,000,000.00
	-	1,258,580,000	-	1,258,580,000

At 30 June 2025	Level 1	Level 2	Level 3	Total
	----- Rupees -----			
Freehold land	-	1,098,580,000	-	1,098,580,000
Non-current asset classified as held for sale - Transferred from fixed assets	-	250,000,000	-	250,000,000
Non-current asset classified as held for sale - Transferred from investment	-	160,000,000	-	160,000,000
	-	1,508,580,000	-	1,508,580,000

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the period ended 31 December 2025. Further, there was no transfer in and out of level 3 measurements.

(ii) Valuation techniques used to determine level 2 fair values

The Company obtains independent valuation for its freehold land (classified as fixed assets) at least annually. At the end of reporting period, the management updates the assessment of the fair value of property, taking into account the most recent independent valuation. The management determines a property's value within a range of reasonable fair value estimate. The best evidence of fair value is current prices in an active market for similar land.

Valuation processes

The Company engages external, independent and qualified valuer to determine the fair value of the Company's freehold land at the end of every financial year. Most recent valuation of freehold land was carried out on 30 June 2025 by Anderson Consulting (Private) Limited, an independent valuer.

As stated in the prospectus dated 28 December 2015, the Company planned to offer state of the art retail outlets across Pakistan with multitude of unique services and also planned to install additional filling lines at the blending plant of its subsidiary. The plan of the year 2015-16 covered 37 grand outlets openings in 11 major cities of Pakistan including Lahore, Gujranwala, Sialkot, Faisalabad, Multan, Islamabad, Rawalpindi, Karachi and Hyderabad. Over a period of 5 years, the Company planned to open 75 retail outlets (including 67 rented) across 16 major cities of Pakistan. As per quarterly progress report number 06 dated 14 July 2017, the Company informed all stakeholders the progress on implementation of project: Expansion through retail outlet: 1 owned service center under regulatory approval and out of the 10 rented service centers, 1 is operational, 3 are approved and under construction, 3 are under regulatory approvals and 3 are under negotiations. Accurate, effective and timely implementation of the above plans of the Company became a big challenge for the Company due to expensive lands and properties at key locations in almost all the cities for express service centers. Hence, the Company planned for incorporation of express centers into its fuel stations to be established under the umbrella of Oil Marketing Company (OMC) Project of the Company. In this regard, the Company obtained a financial feasibility report from KPMG Taseer Hadi & Co., Chartered Accountants regarding investment in OMC Project. In view of successful fulfillment of initial mandatory requirements of Oil and Gas Regulatory Authority (OGRA) for setting up of an OMC and future prospects of OMC in current international scenario as prospected under financial feasibility report, the shareholders of the Company in their 9th Annual General Meeting held on 29 September 2017 approved diversion and utilization of un-utilized IPO funds from HTL Express Centers and wholly owned subsidiary company to OMC Project of the Company keeping in view overall growth of the Company and ultimate benefit to all shareholders and stakeholders of the Company.

2. BASIS OF PREPARATION

2.1 These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard 34: 'Interim Financial Reporting' (IAS 34), issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

2.2 These consolidated condensed interim financial statements do not include all the information and disclosures required in annual financial statements and should be read in conjunction with the annual audited financial statements of the Group for the year ended 30 June 2025.

3. ACCOUNTING POLICIES

The accounting policies and methods of computations adopted for the preparation of these consolidated condensed interim financial statements are the same as applied in the preparation of the preceding audited annual published financial statements of the Group for the year ended 30 June 2025.

Selected Notes To The Consolidated Condensed Interim Financial Statements (Un-audited)

For The Half Year Ended 31 December 2025

3.1 Critical accounting estimates and judgments

The preparation of these consolidated condensed interim financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

During preparation of these consolidated condensed interim financial statements, the significant judgments made by the management in applying the Group's accounting policies and the key sources of estimation and uncertainty were the same as those that applied in the preceding audited annual published financial statements of the Group for the year ended 30 June 2025.

5. CONTINGENCIES AND COMMITMENTS

5.1 Contingencies

There is no significant change in the status of contingencies as disclosed in the preceding audited annual published financial statements of the Group for the year ended 30 June 2025 except for the following:

- 5.1.1** Deputy Commissioner Inland Revenue (DCIR) passed an assessment order on 28 November 2018 under section 161 and section 205 of the Income Tax Ordinance, 2001 for the tax year 2015 whereby a demand of Rupees 22.358 million has been raised. On 21 December 2018, the Group filed an appeal before the CIR(A) against the order of DCIR. CIR(A) accepted the Group's stance on certain issues assailed in the appeal and reduced the aggregate demand to Rupees 10.735 million. Being aggrieved by the order of CIR(A), the Group and tax department filed appeals before ATIR. On 25 August 2025, ATIR dismissed the department's appeal and upheld the relief provided by CIR(A). However, ATIR also dismissed the Group's appeal on 25 August 2025, based on the grounds that judgement of Honourable Sindh High Court as well as various earlier judgements of ATIR on similar issue exists. However, the management has filed income tax reference before Honourable Lahore High Court, Lahore against the order passed by ATIR. No provision against the case has been made in these financial statements, as the management, based on the advice of the legal counsel, is confident of favorable outcome of the matter.

14 RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL INSTRUMENTS

(i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these consolidated financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements at 31 December 2025	Level 1	Level 2	Level 3	Total
----- Rupees in thousand -----				

Financial assets

Financial assets at fair value through profit or loss	230,691,479	-	-	230,691,479
---	-------------	---	---	-------------

Recurring fair value measurements at 30 June 2025	Level 1	Level 2	Level 3	Total
----- Rupees in thousand -----				

Financial assets

Financial assets at fair value through profit or loss	240,351,519	-	-	240,351,519
---	-------------	---	---	-------------

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer in and out of level 3 measurements.

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(ii) Valuation techniques used to determine fair values

Specific valuation technique used to value financial instruments is the use of quoted market prices on Pakistan Stock Exchange and for funds, Net Asset Value (NAV) of respective Asset Management Company.

16 FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS

(i) Fair value hierarchy

Judgments and estimates are made in determining the fair value of non-financial assets that are recognized and measured at fair value in these consolidated financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its non-financial assets into the following three levels.

At 31 December 2025	Level 1	Level 2	Level 3	Total
----- Rupees -----				
Freehold land	-	2,662,261,000	-	2,662,261,000
Non-current asset classified as held for sale - Transferred from investment property	-	160,000,000	-	160,000,000
	-	2,822,261,000	-	2,822,261,000

	-	3,072,261,000	-	3,072,261,000

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further, there was no transfer in and out of level 3 measurements.

(ii) Valuation techniques used to determine level 2 fair values

The Group obtains independent valuations for its freehold land (classified as fixed assets and investment property transferred to non-current asset classified as held for sale) at least annually. At the end of reporting period, the management of the Group updates the assessment of the fair value of property, taking into account the most recent independent valuations. The management determines a property's value within a range of reasonable fair value estimate. The best evidence of fair value is current prices in an active market for similar lands.

Valuation processes

The Group engages external, independent and qualified valuer to determine the fair value of the Group's freehold land at the end of every financial year. Most recent valuation of freehold land was carried out on 30 June 2025 by Anderson Consulting (Private) Limited, an independent valuer.

As stated in the prospectus dated 28 December 2015, the Holding Company planned to offer state of the art retail outlets across Pakistan with multitude of unique services and also planned to install additional filling lines at the blending plant of its Subsidiary Company. The plan of the year 2015-16 covered 37 grand outlets openings in 11 major cities of Pakistan including Lahore, Gujranwala, Sialkot, Faisalabad, Multan, Islamabad, Rawalpindi, Karachi and Hyderabad. Over a period of 5 years, the Holding Company planned to open 75 retail outlets (including 67 rented) across 16 major cities of Pakistan. As per quarterly progress report number 06 dated 14 July 2017, the Holding Company informed all stakeholders the progress on implementation of project: Expansion through retail outlet: 1 owned service center under regulatory approval and out of the 10 rented service centers, 1 is operational, 3 are approved and under construction, 3 are under regulatory approvals and 3 are under negotiations. Accurate, effective and timely implementation of the above plans of the Holding Company became a big challenge for the Holding Company due to expensive lands and properties at key locations in almost all the cities for express service centers. In this regard, the Holding Company obtained a financial feasibility report from KPMG Taseer Hadi & Co., Chartered Accountants regarding investment in OMC Project. In view of successful fulfillment of initial mandatory requirements of Oil and Gas Regulatory Authority (OGRA) for setting up of an OMC and future prospects of OMC in current international scenario as prospected under financial feasibility report, the shareholders of the Holding Company in their 9th Annual General Meeting held on 29 September 2017 approved diversion and utilization of un-utilized IPO funds from HTL express centers and wholly owned Subsidiary Company to OMC Project of the Holding Company keeping in view overall growth of the Holding Company and ultimate benefit to all shareholders and stakeholders of the Holding Company.
